NOVEMBER A TIME TO REMEMBER During November we commemorate the Faithful Departed. We compile our own individual list of our beloved dead and add them to the *Parish List of the Dead 2021*. A Parish List of the Dead envelope should have been delivered to your home. Alternatively, you can pick up a List of the Dead and an envelope in the churches or simply mark any envelope 'Parish List of the Dead'. Please return your List and Offering at any Mass or to the Parish Office/Parochial House. Throughout November at every Mass and on the First Friday's of every month we remember and pray for the repose of the souls of all the Faithful Departed. Sincere thanks to everyone who assisted with our Annual Mass of Memory. We especially keep in our prayers all in our faith community who were bereaved this past year. We also express our gratitude to the Funeral Directors and everyone who assists during our times of grief.

TREE OF MEMORY In both our churches we have placed a *Tree of Memory* on which we placed the names of our parishioners who lived here in the parish and who died in the past twelve months. Everyone is invited to write the names of their loved ones who died elsewhere this past year and also place them on the branches. Tags are available at the foot of the Tree. Also, if you wish simply to remember those who are part of your Family Tree and are now gone before us into God's eternal merciful embrace, then please write their names and add them to our *Tree of Memory*.

AN EMERGENCY COLLECTION FOR TRÓCAIRE. The countries of South Sudan, Somalia, Ethiopia, and the state of South Kordofan in Sudan especially are being brought to their knees by sparse and delayed average rainfalls which are the result of climate change. A grim third wave of Covid and regional conflict are making matters worse. Please help, if you can, Trócaire and partners on the ground who are rushing emergency food and aid into devastated communities to keep people alive, and working with tireless local church groups to do all they can. The human suffering is enormous. For more information on Trócaire's work in response to the East Africa hunger crisis go to www.trocaire.org or call (0)1 629 33 33 Thank you for being a light in this world. www.trocaire.org.
If you so wish please write Trócaire on an envelope and place into the basket or boxes next weekend.

AN EXTRACT FROM THE MESSAGE OF POPE FRANCIS TO COP 26, GLASGOW, NOVEMBER 2021

As the Glasgow Conference begins, all of us are aware that it has the vital task of demonstrating to the entire international community whether there really exists a political will to devote – with honesty, responsibility and courage – greater human, financial and technological resources to mitigating the negative effects of climate change and assisting the poorer and more vulnerable nations most affected by it. At the same time, we realize that this task has to be undertaken in the midst of a pandemic that for almost two years has devastated our human family. Covid-19 has brought immense tragedies in its wake, but it has also taught us that, if we are to succeed in overcoming the pandemic, there is no alternative: all of us must play a part in responding to this challenge. And that, as we know, calls for profound solidarity and fraternal cooperation between the world's peoples. Our post-pandemic world will necessarily be different from what it was before the pandemic. It is that world which we must now build, *together*, starting from the recognition of past mistakes. Something similar could be said of our efforts to tackle the global problem of climate change. There is no alternative. We can achieve the goals set by the Paris Agreement only if we act in a coordinated and responsible way. Those goals are ambitious, and they can no longer be deferred. Today it is up to you to take the necessary decisions. []

Sadly, we must acknowledge how far we remain from achieving the goals set for tackling climate change. We need to be honest: this cannot continue! Even as we were preparing for COP26, it became increasingly clear that there is no time to waste. All too many of our brothers and sisters are suffering from this climate crisis. The lives of countless people, particularly those who are most vulnerable, have experienced its increasingly frequent and devastating effects. At the same time, we have come to realize that it also involves a crisis of children's rights and that, in the near future, environmental migrants will be more numerous than refugees from war and conflicts. Now is the time to act, urgently, courageously and responsibly. Not least, to prepare a future in which our human family will be in a position to care for itself and for the natural environment. The young, who in recent years have strongly urged us to act, will only inherit the planet we choose to leave to them, based on the concrete choices we make today. Now is the moment for decisions that can provide them with reasons for hope and trust in the future.
